

CHAPEL HILL DENHAM

Paramount Fund (Equity)

Unless otherwise stated, figures are as of April 30, 2026

FUND OVERVIEW

The Paramount Fund (Equity) is regulated by the Securities and Exchange Commission, Nigeria. The Fund aims to provide capital appreciation over the long term (> 5 years) by investing at least 70% in equities of companies listed on the Nigerian Exchange. The Fund Manager uses fundamental analysis to select stocks it believes have strong long-term growth potential.

FUND COMMENTARY

The Fund gained 21.26% in April 2026, above the NGX 30 Index, which gained 20.79%. The market broadly ended the month on a bullish run as we saw strong gains in stocks like ARADEL (+60.63%), AIRTELAFRI (+21.00%), SEPLAT (+26.32%), ZENITHBANK (+36.22%), GTCO (+19.84%), MTNN (+20.39%), PRESCO (+16.16%), NB (+7.81%), These gains were sufficient to offset losses in stocks like FCMB (-5.51%), NESTLE (-8.69%), and INTBREW (-13.57%). We will continue to identify attractive entry points in strong, liquid, and high dividend-yielding stocks over the coming months.

Nigeria Dollar Income Fund

Unless otherwise stated, figures are as of April 30, 2026

CHAPEL HILL DENHAM

FUND OVERVIEW

The Nigeria Dollar Income Fund is regulated by the Securities & Exchange Commission, Nigeria. The objective of the Fund is income generation. This shall be achieved through investments predominantly in high yield investment grade Eurobonds, with residual liquidity being held in dollar denominated money market instruments. The Fund is suitable for investors with medium to long term investment horizons.

FUND COMMENTARY

The Nigeria Dollar Income Fund has delivered a net return of 49.63% since inception in July 2021. The fund posted a year-to-date return of 7.01%, compared to the benchmark return of 0.34%. We maintained the strategy of optimizing yield, seeking to reduce the funds duration while providing good return for unitholders.

Nigeria Bond Fund

Unless otherwise stated, figures are as of April 30, 2026

CHAPEL HILL DENHAM

FUND OVERVIEW

The Nigeria Bond Fund is regulated by the Securities & Exchange Commission, Nigeria. The objective of the Fund is income generation through investments predominantly in high yield investment grade bonds, with residual liquidity being held in money market instruments. The Fund is suitable for investors with medium to long term investment horizons.

FUND COMMENTARY

The Nigeria Bond Fund has delivered a net return of 53.31% since inception in September 2021. The fund posted a current gross yield of 15.50% as at end of the month, compared to the benchmark yield of 16.03%. We will continue to closely monitor the interest rate environment and selectively choose attractive instruments across the yield curve to support the fund's performance in delivering returns.

Money Market Fund

Unless otherwise stated, figures are as of April 30, 2026

FUND OVERVIEW

The Money Market Fund is regulated by the Securities & Exchange Commission, Nigeria. The Fund aims to preserve investors' capital and provide them with a steady stream of income from a select portfolio of quality money market securities and short-term government securities with tenors of no more than 364 days.

FUND COMMENTARY

The Fund's net yield closed at 15.65% in April 2026, decreased by 43 bps from March 2026. The fund's net yield slightly underperformed its benchmark, the average 91-day NTB closing rate by 30 bps. We expect for money market yields to continue this downward trend; hence we continue to take position at the longer end of the curve. The fund's weighted average maturity closed the month at 74 days, lower than as in March 2026.
